Public Meeting Notice

Portland CSO Basin | Advanced Design Meeting

JUNE 14, 2016 | 6:30 PM

NEIGHBORHOOD HOUSE

201 N 25TH STREET | LOUISVILLE, KY 40212

MSD will hold an Advanced Design Meeting concerning the Portland CSO (Combined Sewer Overflow) Basin—a covered underground basin—to be constructed in Lannan Park. MSD will provide information about the advanced design phase of the basin, and offer an opportunity for public input and comments. This basin project will greatly lessen the occurrence of combined sewer overflows—untreated sewage—entering our local waterways, and it will help reduce flooding in the area during rain events.

Pre-register for this meeting and receive notifications concerning this project at <https://msd-portland-basin-design-meeting.eventbrite.com>
