

MSD

Metropolitan Sewer District

700 W. Liberty Street
Louisville, KY 40203

MSD and YOU
Working **TOGETHER** In Our
COMMUNITY

Learn. Share. Get Engaged. During rain storms, sewers can overflow raw sewage into the community's streams and Ohio River. MSD will be hosting a discussion to share its plans for an underground storage facility in the Clifton area. You will learn how to lessen sewer overflows, why they occur, and how you can help protect your family, pets, the environment and how to keep sewer rates low. Be a part of the solution by joining us at:

Lincoln Elementary Performing Arts Theater
930 East Main Street, Louisville, KY 40206
Tuesday, March 25, 2014 (6:00 p.m.)

Questions and comments pertaining to this plan may also be submitted via email at
