

DON'T LEAF IT!

Catch basins carry stormwater away from our homes and streets when it rains. Covered or clogged catch basin drains, grates, and ditch lines contribute to street and yard flooding.

Please take time to rake away leaves and other debris from catch basin grates. Just a few minutes of your time could prevent street flooding in your neighborhood during heavy rains.

Loose leaves that are gathered from yards, sidewalks and catch basins may be dropped off at the Autumn Leaf Drop-off site for free until December 3rd, 2011 at Iroquois Park, 5216 New Cut Road. Monday – Saturday 8 a.m. to 4:30 p.m. For more information [click here](#).
